We create space solutions

and add that wow factor to your event

We are Losberger De Boer, one of the leading global suppliers of modular solutions for exhibitions, trade fairs and congresses. We can help you create the perfect event for your target audience.

We design, produce and build top class space solutions. We have a wide choice of highly adaptable event services and structures that can be stand alone or linked to each other and existing buildings. Our structures distinguish themselves by their design, build quality and style.

Throughout our long history, we have earned an excellent reputation through supplying creative and innovate solutions for countless national and international events. We have supplied structures for the Mobile World Congress, the Chelsea Flower Show, Bauma, SMM Hamburg, the Farnborough International Airshow, the International Broadcasting Convention (IBC) and Integrated Systems Europe (ISE), among others.

Everything for your event

We have a broad product catalogue of structures that are specifically designed for exhibitions, trade fairs and congresses. Whether you need an excellent venue, stunning hospitality accommodation, highly functional support structures (entrance, ticket box, press centre, catering, etc.), we have the experience, expertise and product range to offer you the best possible options available. We design and manufacture all structures, to make sure that we always deliver contemporary designs that live up to our customer's high standards.

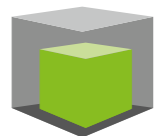

A centennial company

In 2019, Losberger De Boer became a centennial company. At 100 years of age, we are one of the industry leaders in our field. The key to our longevity and success has always been our absolute focus on our client's goals. We take great pride in providing you with the best possible solution for your event and are dedicated to giving you the best possible customer experience. We are here to meet your challenges and our main incentive is to make sure you achieve your goals. We are Losberger De Boer, committed to your success.

Expand your venue capacity and increase your profitability

Internal space

Hall in Hall

Our quick to build modular structures allow us to create additional space within the venue itself. The hall-in-hall concept gives you the look and feel of a permanent building that can be used for restaurants and catering, conference rooms, hospitality, exhibition space and branding.

Soundproofing

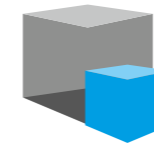

The innovative Losberger De Boer Acoustic Barrier Mat system has a proven track record in improving the acoustics of both the interior and exterior of structures. This feature also helps with preventing sound from bleeding from one area to another.

Floorspace multiplier

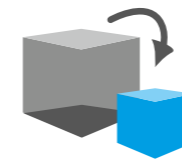

Lifting functions to a second level with the mezzanine system doubles the floorspace for different purposes such as restaurants and meeting areas, allowing more sellable m2 within the same space.

External space

Extend your venue

More space needed? Turn outdoor areas into fully functioning exhibition halls, connected seamlessly with existing buildings, allowing you to host larger events without permanently sacrificing outdoor space.

Relocate on site

Renovate and refurbish existing halls without reducing your capacity and/or business. Relocate to a purpose built facility on your site or nearby location to ensure your business continuity.

Custom brand experience

Stand alone brand facilities provide the immersion into a bespoke brand experience for you or your business clients. Build your brand house, build your brand.

Space for 1,300 exhibitors
 The Netherlands largest exhibition space, the RAI Amsterdam, almost doubles in space when the ISE (Integrated Systems Europe) or IBC (International Broadcasting Convention) are being held. For the ISE, Losberger De Boer provided the RAI with over 11,000 square metres of exhibition space.

Structures used: Delta

The Great Pavilion provides exhibitors with almost 12,000 square metres of exhibition space at the Chelsea Flower Show, the most prestigious flower show in Britain. That's enough room to park 500 London buses. Losberger De Boer also supplied the main restaurant as well as several support structures.

 COO RAI Amsterdam, largest multifunctional event location in The Netherlands

Expect everything from your suppliers

Whether you are looking for accommodations for an event on a nationwide or regional scale, always work with a partner that you can trust to get the job done under any circumstances, so that 'the show' will always go on. Choose a partner that will challenge you to create a unique and unforgettable experience and one that is truly committed to the success of your event.

Regardless of weather conditions, infrastructural challenges, unforeseen circumstances, or problems with the condition of the site, the show must go on. Our products are designed to live up to the highest global standards in safety. This is one of the reasons Losberger De Boer is one of only a very few temporary structure suppliers that is allowed to build in Tokyo in 2020, an area that is known for its violent earthquakes and flooding. We offer the highest standards in terms of structure integrity, and Health and Safety compliance.

Flexibility comes with experience

When it comes to choosing a supplier, experience is key. An experienced partner knows the logistical challenges of major large-scale events, can work to a tight schedule and can deal with unforeseen circumstances. An experienced partner is flexible and always has a Plan B. We are 100 years old, and with age comes experience.
