

# NEW: The Levo

Introducing the Levo: The ultimate add-on  
for classy and elegant event tents

LOSBERGER DE BOER

LOSBERGER DE BOER

## A new level of sophistication: the Levo

### Elevate your business with Losberger De Boer's Levo

For decades, Losberger De Boer has been a pioneer in the tent industry, delivering innovative and versatile tent systems that meet a wide range of needs. The latest addition to our portfolio, is the Levo. This remarkable system is designed to elevate your event tents, taking them to a whole new level of sophistication. Whether it's a wedding, gala, or any exclusive occasion, the Levo ensures an unforgettable experience.

The Levo offers more than just a striking roof shape. The option of a fully transparent roof make the Levo an ideal choice for daytime events or scenic outdoor locations. Let guests immerse themselves in nature's beauty while enjoying the comfort of a high-end event building.

### Available as add-on or stand-alone event venue

Discover the Levo as an add-on to complement your existing Losberger De Boer structures, or as a stand-alone, complete tent system. This versatility makes the Levo a compelling choice for tent rental companies seeking to enhance their inventory's value. Wedding planners will find the Levo to be the pinnacle of elegance, offering the perfect venue for high-end weddings.

### Experience unobstructed space

The Levo is the only structure of its kind in the market today, that doesn't make use of interior legs. This means that the entire space remains unobstructed, allowing for maximum utilization and limitless event possibilities. With the Levo, your layout is not restricted and you can offer your clients a seamless flow and uninterrupted views, which further adds to the open, high-end look and feel of this structure.
